Dear Mr. Dineen,

*Dave*

It is my understanding that you may be considering using the **Architectural Consulting Group LLC** for work at your airport. ACG is currently the Project Manager for the Nantucket Memorial Airport General Administration and Fixed Base Operation building. As such they have represented the airport's interest well and have carried out their duties diligently. Although this has been a long project with the original contractor declaring bankruptcy, ACG has performed well and has a very good working relationship with the Airport and our staff.

Based on their performance with this project, I would recommend them for consideration on future airport related assignments.

Sincerely,

*Thomas Rafter*
